

Dunn Elementary Traffic Etiquette

Arrival and dismissal are extremely busy times at Dunn. This is the perfect opportunity for all individuals to demonstrate the Learner Profile and IB Attitudes. We desperately need everyone's assistance and cooperation to ensure the safety of all individuals. As a staff, we have recognized the importance of having additional members help direct traffic to ensure safety and to expedite drop-off/pick up procedures. We also need your help with safety! If you are dropping off or picking up your student by car, you can contribute to greater student safety by following the Dunn pick-up and drop-off procedures below. Thank you for applying the Learner Profile and IB attitudes to our parking area to ensure safety for all of our community!

Drop Off:

Washington Avenue is a busy public two way street and it is not safe to stop and drop off students in the street. Also, please refrain from dropping students off in perpendicular parking stalls.

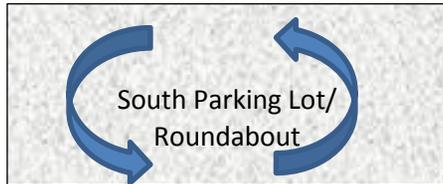

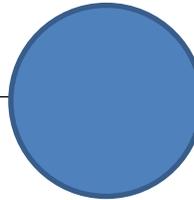

- Students may be dropped off in two zones: Either the roundabout or bus lane
- Please do not pass cars while waiting for another car to enter the drop-off zone.
- Bus lane drop-off:
 1. Busses must have departed, if they are present proceed to round about.
 2. Pull in parallel to the curb and all the way up to the next car or staff member.
 3. Children must be dropped off, if you would like to walk your child in, please park in South Lot/Roundabout or neighborhood.
- If you are walking your child in, please attempt to park in the South Lot/Roundabout or surrounding neighborhood. All families must enter the building through the front doors. Side entrances are for staff members only.

Pick Up:

- We encourage parents that are parking for pick-up to park in neighborhood and walk in.
- Students should be picked up in the South Lot/Roundabout. Staff members are on duty to help escort your child safely to your car. If you do not see your child, you may circle the roundabout.
- Please do not pick up students directly from Washington Avenue.
